

Night Owl 2 shown in Stargazing fly mode. Roll up the fly, affix with provided clips and enjoy the stars!

Night Owl 2, 3 & 4

Stay up late & have fun!!

In order to familiarize yourself with your new tent, we recommend you “test pitch” before your first adventure. For additional information please visit www.kelty.com.

Package includes: Shark Mouth carry bag, tent body, tent fly, one hubbed main pole set, one ridge pole, guy cords, and tent stakes. Footprint and other accessories sold separately.

1

Lay out tent body and stake out corners. Assemble hubbed main pole and lay on top of tent. Ensure that all pole segments are fully seated. Please note gray & blue color coding on pole segments & webbing corners for correct pole set and tent body orientation.

TIP: Do not shake out poles during assembly, take care of your gear and it will take care of you!

2

One at a time Insert two pole tips into “Quick Corner” fabric sleeves on one end, flex poles & insert remaining pole ends into opposite quick coners. Ridge pole shown on ground, see step 3.

TIP: Please ensure that each pole is fully seated within each Quick Corner sleeve.

“Quick Corner” fabric sleeves

Ridge pole with Kelty Connect tab.

Guy out hook & loop pole wrap.

QR Buckle rain fly & tent body attachment

3

Start with the center clip, gently lift tent body up and connect to main pole set. Follow main poles down to each corner and connect all pole clips. Locate ridge pole. Slide ridge pole through fabric sleeve on celing of tent body as shown. Attach one end of ridge pole to Kelty Connect tabs above door zipper. Then gently flex ridge pole accros main pole set as shown and attach second Kelty Connect tab above other door.

4

Drape tent fly over tent body, note matching colored webbing on rain fly coners & tent body corners for correct orientation. Locate & connect (inside rainfly) Kelty connect tabs above each door vent to ridge pole tips. Attach all guy out hook & loop pole wraps (inside rainfly) to main pole set. Then connect rain fly to tent body via QR buckle at each corner and snung up as needed.

5

Affix all guylines to guy out points on rain fly. Stake out all guylines and tension as needed.
